SAMARTHA ELIGIBILITY CUM REWARD EXAM

Securing future for the next generation

www.samartheducation.org

Director's Message

Dear Students,

It is important to dream but it is even more important to work for it as there is no magic wand in the world that can turn a dream into reality. It takes the courage to dream the impossible, the determination not to give up when you do not succeed and the hard work to cement the desired success.

In this era of cut-throat competition in all walks of human life, everyone is running after the success to leave his/her foot-prints on the wet-sand of time. Success as generally perceived is a state of mind, but when it is talked about the younger generation and in career shaping perspective then, it is more prominently defined in attainment of individualistic career goals. Now-a-days cracking a competitive examination surely opens the door for a better life and satisfying career, but to achieve the same a sincere, methodical, innovative and result oriented approach is required. Taking all these and other pragmatic parameters into consideration, Shree Samartha Coaching Classes aspires to make its students excel in terms of thoughts, ideology, performance and problem solving skills. To achieve the ultimate success and to make it a way of life, our faculty members and other staff members works hard with incomparable commitment and dedication.

Shree Samartha Coaching Classes indigenously prepared coaching modules, comprising of specially designed and updated study material provide an in-depth conceptual knowledge and a large variety of questions provide the student to master the topics in a better way. A series of periodic tests help the students to minimize the actual examination anxiety and thus to perform up to their level best and we are committed to providing you the best in the arena whether it is the classroom atmosphere, the quality of lectures, the study material, the test series or the guidance and information.

WITH BEST WISHES

Sincerely

Nitin B. Bathe

M.Sc. (Maths), B.Ed., M.Phil. (Maths)

Prof. Nitin Bathe Sir

****Terms & Conditions**

SHREE SAMARTHA COACHING CLASSES, AKOLA

Classroom Infrastructure

We firmly think that effective learning depends in large part on the atmosphere in which a student studies. We make sure that our students are stress-free by providing them with classrooms that are conducive to learning.

Personalised Coaching

Each student receives individualized attention, regardless of where they currently stand in the merit system. We never go beyond a certain batch size since good student-faculty interaction is made possible by doing so. If necessary, our faculty is always willing to help students with their unique questions. Our priority is improved results achieved via conceptual clarity and ongoing support, not batch size expansion.
